

ENTOMOLOGY B

Sample Activities & Tasks

These are sample questions/tasks/activities that will help prepare students for the 2025 season. This list is not all-inclusive and is representative of what students may be asked on tournament exams.

- a.** Identify the taxonomic level and/or common name of the provided sample.

- b.** What conclusion can be drawn about the habitat(s) of the given specimens?

- c.** Which of these specimens does not fit within this family of insects?

- d.** What unique feature distinguishes the specimen shown in the picture?

- e.** Consider the potential impact of human activities on this insect and vice versa.
