Since 1984, Science Olympiad has been the premier K-12 team science competition in the nation, providing millions of program alumni with an experience that profoundly shapes their lives and careers.

To celebrate our 40th Anniversary Season, the Science Olympiad USA Foundation has set a goal to amplify the power of giving in four key areas.

- **$10K** Founders' Scholarships
- **$25K** Alumni Research Grants
- **$25K** STEM Teacher Grants
- **$25K** State Chapter Grants

**Forty Challenge Captains** will lead the effort of raising **$10,000 from their peer network**. For each $1,000 tax-deductible contribution, donors will receive a Challenge Coin, be featured in the Science Olympiad USA Foundation Newsletter and be part of shaping the future of Science Olympiad.

Challenge Coins are historically known as a way for military members to recognize each other as part of a unit. As a nod to one of the co-founders, Lt. Col. Gerard Putz, who served in the US Army, and the original funding sponsor, the US Army ROTC, Science Olympiad minted a limited edition of 40th Anniversary Challenge Coins.

Interested in being a Challenge Captain or a 40th Challenge donor? Reach out to Foundation President and CEO, Jenny Kopach at jrkopach@soinc.org

To donate directly, [use this online form](#).

Ask your employer if they will match your donation!
